AQUAROC® JOINT GLUE

Accessories

Product Description

Sealing adhesive for treating joints of Aquaroc® boards in high humidity areas. Treatment of joints in wet and semi-outdoor areas where the Aquaroc® board system has been installed, such as partitions, cladding, continuous ceilings or decorative elements. Suitable for new construction or renovation homes. Schools, hospitals, commercial and industrial buildings and offices.

Application

Treatment of joints in wet and semi-outdoor areas where the Aquaroc® panel system has been installed, such as partitions, cladding, continuous ceilings or decorative elements.

Storage and conservation

Store the material in a dry place, protected from sunlight and frost. Product shelf life: 12 months unopened.

Conditions of installation

Refer to the Isover and Placo® Installer Manual.

Handling

Remember that you can find information about how to handle, use and unload our products on our website.
